

United City Bikes has been closed!

Dear backer,

unfortunately, we have to inform you, that this wonderful project had to be terminated and United Concepts AG will be liquidated.

The adversities in the production process and other imponderables make it impossible for us to continue the original idea - to establish the lightest folding bike in the world on the market.

Despite most intensive efforts, we had to acknowledge, that this inevitable measure could not be prevented. We regret this very much, because United City Bikes and every supporter are very close to our hearts.

We thank you all for this great support and for the wonderful time we had.

We wish you good health and all the best for your future,

Your United City Bikes Team
